

Ductless Heat Pump

Residential Energy Efficiency Rebate Program

STANDARD TERMS AND CONDITIONS

Heber Light & Power

31 South 100 West ▪ Heber City, UT 84032 ▪ 435.654.1581 ▪ www.heberpower.com

Ductless heat pumps, also referred to as a mini-split, are a great alternative to baseboard and wall heaters. They are also an easy and efficient way to cool a room. Enjoy savings of up to 50% on your heating and cooling costs, and with no invasive ductwork, installation is easy and affordable.

Available Rebates

Equipment Type	Rebate Amount
Multi-head ductless heat pump 9.0 HSPF/15 SEER	\$1,700
Single-head ductless heat pump 9.0 HSPF/15 SEER	\$1,300
Supplemental ductless heat pump 9.0 HSPF/15 SEER	\$600

Requirements and Qualifications

- Must be an existing home, not new construction.
- Upon approval, supplemental ductless heat pumps may qualify on new construction.
- Gas forced-air system conversions do not qualify.
- Minimum 9 HSPF (Heating Seasonal Performance Factor), 15 SEER (Seasonal Energy Efficiency Ratio).
- Work must be completed by a qualified HVAC contractor.
- Ductless heat pump must be a new AHRI (Air Conditioning, Heating, and Refrigeration Institute) rated ductless (mini-split) system and must be listed on the AHRI Certified Directory: ahridirectory.org
- Ductless heat pump must employ an inverter driven outdoor compressor unit and a variable speed fan for indoor blower.
- Previous primary heat source must have been a permanently installed electric resistance heating system (e.g., electric furnace, electric ceiling/wall heat).

- Homes are eligible for one unit. Customers may contact Heber Light & Power to request additional units.
- Must submit completed application.
- Itemized receipt or contractor invoice.
- Application must be received within 180 days of installation.
